

## **Power Steering Fluid Max**

### **Co-Branded Fluid of Ashok Leyland & Gulf Oil**

#### **Product Description**

**Power Steering Fluid Max** is a premium quality fluid exclusively developed for power steering of commercial vehicles manufactured by Ashok Leyland. It is blended from high quality base fluids and special additives to provide excellent protection to power steering components and thereby a long service life.

#### **Features and Benefits**

- Good oxidation and thermal stability reduces deposit formation
- High antiwear property safeguards power steering components against wear
- Provides superior resistance against rust and corrosion
- Excellent seal compatibility ensures longer seal life and reduces possibility of oil leakage

#### **Applications**

The only co-branded power steering fluid approved by Ashok Leyland for a drain interval of 80,000 Kms or 1 year, whichever is earlier, for power steering of trucks & buses.

#### **Specifications, Approvals & Typical Properties**

<b>Specifications</b>		
General Motors Type A Suffix A		
<b>Approvals</b>		
Ashok Leyland	Approved as co-branded power steering fluid for vehicles fitted with power steering	
<b>Typical Properties</b>		
<b>Test Parameters</b>	<b>ASTM Method</b>	<b>Typical Values</b>
Colour	Visual	Red
Viscosity @ 100 °C, cSt	D 445	7.80
Viscosity Index	D 2270	155
Flash Point, °C	D 92	180
Pour Point, °C	D 97	-39
Density @ 15°C, Kg/l	D 1298	0.89

Properties mentioned above are typical only and minor variations, which do not affect the product performances, are to be expected in normal manufacturing. The above information is based on past history of the grade only and must not be construed as a guarantee of performance. Follow equipment manufacturer's recommendations for performance level and viscosity grade. The Material Safety Data Sheet for this product is available from your nearest Gulf Distributor.
